What is this product?

TYPE OF PRODUCT

The product is a Sub-Fund of ZEST ASSET MANAGEMENT SICAV, an Undertaking for Collective Investment in Transferable Securities (UCITS) incorporated as a variable capital investment company (SICAV) under the laws of Luxembourg.

TERM

The Sub-Fund is established for an unlimited duration. However, the Fund may at any time be dissolved by a resolution of the general meeting of shareholders subject to the quorum and majority requirements applicable for amendments to the Articles. And, in the event that for any reason the value of the net assets in the Sub-Fund or Class has decreased to an amount below EUR 10 million or the equivalent in any other Reference Currency, respectively such amount determined by the board of directors to be the minimum level for such Class to be operated in an economically efficient manner, or if a change in the economic or political situation relating to the Sub-Fund or Class concerned would have material adverse consequences on the investments of the Sub-Fund or Class or in order to proceed to an economic rationalization, the board of directors may decide to compulsorily redeem all the Shares issued in the Sub-Fund or Class at the Net Asset Value per Share (taking into account actual realization prices of investments and realization expenses) calculated on the Valuation Day at which such decision shall take effect.

OBJECTIVES

The Sub-Fund aims to seek a consistent, absolute return while placing emphasis on the preservation of capital in the medium term. The investment strategy is based on risk spreading as a means of diversifying investments. The Sub-Fund is actively managed without reference to any benchmark meaning that the Investment Manager has full discretion over the composition of the Sub-Fund's portfolio.

The allocation of the portfolio between the different asset classes (equities, convertible bonds, other corporate bonds, government bonds and money market instruments) may vary according to the Investment Manager's expectations. The allocation will be done either directly or indirectly through other UCITS and/or UCIs (within the limits set forth under Part A), including UCITS/UCIs which are established as Exchange Traded Funds, whose investment policy is in line with that of the Sub-Fund.

The Sub-Fund may not allocate more than 45% of its net's assets to equities. It is understood that this limit applies to both direct equities and UCITS and/or UCIs investing principally in equities only; i.e. financial derivative instruments on equities are not taken into account for the calculation of this restriction.

However, the Sub-Fund may invest a maximum of:

20% of its assets in units or shares of other UCITS and/or UCIs;

15% of its net assets in eligible products qualifying as (i) UCITS or other UCIs or (ii) Transferable Securities (such as structured products), in accordance with article 41(1)(e) of the Law of 2010;

and 20% of its net assets in contingent convertible bonds.

The Sub-Fund may also hold ancillary liquid assets (i.e. bank deposits at sight, such as cash held in current accounts with a bank accessible at any time) up to 20% of its net assets for treasury purposes. The aforementioned limit shall only be temporarily breached for a period of time strictly necessary when, because of exceptionally unfavourable market conditions, circumstances so require and where such breach is justified having regard to the interests of the Shareholders.

The Sub-Fund may also hold on ancillary basis money markets instruments dealt in on the money market rather than on the regulated markets, for example treasury and local authority bills, certificates of deposit, commercial papers, medium-term notes and bankers' acceptances.

The Sub-Fund issues only accumulation shares (shares in which any income earned is added to the share price).

INTENDED RETAIL INVESTORS

The product is suitable for retail investors with limited knowledge of the underlying financial instruments and no financial industry experience. The product is compatible with investors who may bear capital losses and who do not need capital guarantee. The product is compatible with clients looking for growing their capital and who wish to hold their investment over 1 year.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the product for 1 year.

The actual risk can vary significantly if your cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and a suitable proxy over the last 10 years. Markets could develop very differently in the future.

Recommended holding period (RHP): Example investment		1 year EUR 10,000	
		If you exit after 1 year

What happens if FundPartner Solutions (Europe) S.A. is unable to pay out?

FundPartner Solutions (Europe) S.A. is not making any payment to you in relation to this Sub-Fund and you would still be paid in case of a default from FundPartner Solutions (Europe) S.A..

The Sub-Fund's assets are held with Pictet & Cie (Europe) S.A. and are segregated from the assets of other Sub-Funds of the Fund. The assets of the Sub-Fund cannot be used to pay the debts of other Sub-Funds.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.

- EUR 10,000 is invested

Investment of EUR 10,000	If you exit after 1 year
Total costs	EUR 665
Annual cost impact (*)	6.7%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 5.9% before costs and -0.8% after costs.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	Up to 3.00% of the amount you pay in when entering this Investment.	Up to EUR 300
Exit costs	Up to 2.00% of your investment before it is paid out to you. The person selling you this product will inform you of the actual charge.	Up to EUR 204
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.98% of the value of your investment per year. This is an estimate based on actual costs over the last year.	EUR 98
Transaction costs	0.26% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	EUR 26
Incidental costs taken under specific conditions		
Performance fees	5.00% of the performance of the NAV per share measured against the High Water Mark over a hurdle rate of 4% p.a. (paid yearly). In the Sub-Fund's last financial year the performance fee was 0.39%.	EUR 18

How long should I hold it and can I take my money out early?

Recommended holding period (RHP): 1 year.

The RHP was chosen to provide a consistent return less dependent on market fluctuations.

A redemption order is executed at the redemption price ruling on a Business Day (a full business day on which banks are fully open in Luxembourg), the application for the redemption of shares must reach the Administration Agent (FundPartner Solutions (Europe) S.A.) before 12:00 p.m. (Luxembourg time) on the Business Day preceding the relevant Business Day.

How can I complain?

In the event a natural or legal person wishes to file a complaint with the Fund in order to recognize a right or to redress a harm, the complainant should address a written request that contains description of the issue and the details at the origin of the complaint, either by email or by post, in an official language of their home country to the following address:
